

----- SPRINT 1 REPORT -----

Product Name: Data Visualization Climate Change

Team Name: VICC

Sprint Completion Date: April 18, 2018

----- ACTIONS TO STOP DOING -----

- Stop not updating Trello often
- Stop not showing up on time on meetings

----- ACTIONS TO START DOING -----

- Update Trello more often with accurate updates
- Group programming sessions (via discord)
- Daily messages on slack

----- ACTIONS TO KEEP DOING -----

- Keep discussing on how we should best convey to our audience about climate change
- Continue trialing website with friends/family/etc

----- WORK COMPLETED / NOT COMPLETED -----

incompleted: User Story 1: 7 / 8

- As a developer I want to reorganize the website src folder so it's easier to navigate add more files
 - Not all methods are working from the restructure. Ex. navigation bar.

Completed: User Story 2: 32 / 32

- As a developer I want to homogenize all visuals so they maintain consistency

Completed: User Story 3: **12 / 12**

- As a user I want to be able to see all information for each data type on the same webpage
 - All visuals are combined to their single respective webpage

Completed: User Story 4: **2 / 6**

- *As a developer I need data to generate prediction climate change visuals*

Completed: User Story 5: **2 / 4**

- As a product-owner I want to create a recognizable identity for our team
 - No logo created yet. Names/meaning are created

Completed: User Story 6: **20 / 26**

- As a developer I want to debug edge-cases issues with visualizations

----- WORK COMPLETION RATE -----

Total User Stories Completed: 3 / 6

Total Hours Completed: 73 / 84
